#### Financial/Hospital Policies

We thank you for allowing us to take care of your pet. In order to provide the best possible animal care, we require that all professional fees are due at the time services are rendered. We accept several payment options. They include cash, personal checks, debit cards, as well as credit cards. There is a \$25.00 service charge for any check returned unpaid.

We routinely provide written estimates. Critical patients that need extended hospitalization will have the balance updated daily. We are glad to work with you and give multiple estimates in order to help us provide medical care that your pet may need. In the end, we always want what is best for you and your best friend.
